

## TRADER IN FROM GREAT SLAVE LAKE

Far Catch in That District Fairly Good—Gardens Produce Successfully Grown at the Lake.

RE. W. Roberts of Fort Resolution, Great Slave Lake, arrived in the city on Monday night. He left Fort Resolution on July 15th, his party consisting of three men and a dog, and came up Slave River to Lake Athabasca, thence up Athabasca river to Athabasca Landing, from whence they drove to the city.

Mr. Roberts, who is in charge of the trading post of the Seagirt Trading Co., at Fort Resolution, will purchase supplies during the winter and return in the spring to Great Slave Lake.

The fur catch was fairly good last winter, but as the cargo did not come last year the Indians were short of provisions and it kept them busy getting provisions.

Treaty was paid last July to the Indians of that district. They belong to the Chipewyan, Yellow Knives and Dog Rib tribes and live by hunting and trapping. One of the Indians started to come south to Edmonton with the party, but returned. "I would like to have brought him all the way to see the cars," said Mr. Roberts.

There is no white settlement except at the trading posts. The Roman Catholics have a school at Fort Resolution and at Hay River, 92 miles to the southwest of Fort Resolution there is the Church of England mission and school. There are three trading posts within half a mile on the shore of the bay at Fort Resolution, and another on an island a mile and a half out. There are two small mills at Fort Resolution.

The principal furs secured at the lake are mink, marten, beaver, wolverine and fox. Very few muskoxen were secured, as the Indians were unable to go to the hunting grounds last winter. They have to depend on deer for food for their dogs, as they cannot carry enough fish with them for the journey. Last winter there were no caribou, so they could not get.

As the surrounding country is a wilderness, the traveling needs made up by canoe and steamboats—of which there are four—one belonging to the mission, one to the Hudson Bay Co., while Hlop and Naga have two steamers. The Dominion government will have another next summer. Winter traveling is by dog train on the ice and about Christmas time the Indians gather at the Fort with their dog teams.

White fish and trout, and a very few suckers are to be found in the lake. The fish are caught for food for men and dogs. At the post last fall they put up 4,000 fish during the winter.

## POTATOES, CABBAGE, CAULIFLOWER, LETTUCE, RADISHES, BEETS AND TURNIPS WERE PLANTED AT FORT RESOLUTION, OVER 400 MILES NORTH OF EDMONTON.

In the fall of 1909, the first snow fell on October 17th, and the lake and river did not freeze till October 21st, but on November 21st it was 40 below zero. Last spring the ice broke in the river on May 19th, and in the lake on May 23rd.

## DULUTH TRAVELLER RELEASED.

Mystery of the Jewelry Robbery at Royal Alexandra Hotel.

Winnipeg, Man., Sept. 20.—A. G. Smith, a commercial traveler of Duluth, who was held by the Winnipeg police for four days on a nominal charge of vagrancy and really on suspicion that he was connected with the jewelry robbery at the Royal Alexandra Hotel, has been released, largely through the intervention of the United States Consul-General and personal friends. The police say nothing of course about their alleged reasons for arresting him, but Smith declares that the whole proceeding at an orange, Colonel Smith, another guest at the hotel confirms that opinion. The fact that Smith occupied a room on the same floor as the Ontario Hotel and that he heard a bell was not paid, seems to have been some of the reasons for taking him into custody. The mystery of the disappearance of the jewelry has not been solved.

## PARKIN AGAIN ARRESTED.

Former Calgary Man Locked Up in St. Paul for Forgery.

St. Paul, Minn., Sept. 20.—A. M. Parkin, of Calgary, Alberta, was arrested today in St. Paul by detectives in the central office, charged with defrauding Isaac Cole, of St. Paul, of \$500 by forging a note. He is locked up at the central station. Parkin has had a previous career in the police courts of his native city. Last May he was arrested on a charge of defrauding the Madison Hotel in Minneapolis of more than \$200 in room rent, automobile charges and other expenses. He received a seven-month sentence of thirty days. When released, he was arrested in St. Paul, but was released on his own recognizance and his promise that he would go to work and pay up what he owed. The police say he violated this pledge.

## ENGINEER AND FIREMAN KILLED BY EXPLOSION

Engineer John Duggan and Fireman John Duggan, both of Keweenaw City, are dead and a wrecked engine and mail and baggage car are piled up on the St. Louis and San Francisco tracks two miles north of Omaha as the result of the engine blowing up at 1:15 p.m. 2 o'clock tonight. The train left Kansas City at 7:30. None of the passengers were hurt, and the cause of the explosion is unknown.

## SPECIAL MEETINGS IN CITY CHURCHES

Delegates of Evangelical Alliance Will Conduct Services in Three Churches This Evening.

The Venerable T. J. Madden, of Liverpool, England, and the Rev. George H. Hansen, of Belfast, Ireland, two distinguished divines who are touring Canada in the interests of the Evangelical Alliance, an organization which has for its object the manifestation and promotion of Christian unity and co-operation, will deliver addresses at meetings and services which will be held in the city today.

The first of the series of gatherings will be held in All Saints' school room, on Third street, which will be attended by members of the various religious bodies represented in the city. At this meeting both the visiting ministers, who are associated respectively with the Anglican and Presbyterian churches, will deliver addresses.

At 5 p.m. there will be a mass meeting in the St. Paul's church, at which Archdeacon Madden will preach, and at the same hour, a service will be held in the First Presbyterian church at which the Rev. Geo. H. Hansen will be the preacher.

At 8 a.m. there will be a mass meeting in which the religious bodies will combine at the First Presbyterian church. This gathering will also be addressed by the two distinguished visitors.

Both speakers are men of strong personality who have won distinction in their separate fields. The Venerable T. J. Madden is Archbishop of Liverpool, England, and is well-known throughout the Anglican communion for his spiritual work in the Seamen's missions. The Rev. George H. Hansen, M. A., D.D., is minister of Duane Street Presbyterian church, Belfast, Ireland, and a preacher of marked ability.

The Evangelical Alliance had its birth at a remarkable conference of 300 Christians, representing many denominations, held in Exeter, England, August, 1846. The history of the Alliance since that time has been a record of steady progress and growth. Branches were quickly formed throughout Evangelical Christendom, and even among the most remote of Turkey, India and Japan. They have met in one hundred and twenty conferences have been held in the various parts of the Christian world. At these conferences Christians from all countries and speaking many languages have been brought together for intercourse which has been fruitful in the growth of understanding and sympathy.

## OWNERS TURNED UP TO CLAIM PROPERTY

Articles Caught in Boom Were Viewed From Post and Belonged to Hunting Party.

A tool chest, with some tools in it, a fishing rod, two paddles, a bundle of blankets, and a box full of provisions came floating down the Saskatchewan river yesterday morning and finally lodged in the boom near Walter's mill. About eleven o'clock the articles were noticed there by a workman in the mill and pulled out of the water. The Mounted Police were communicated with and the property was handed over to them.

For a time it was feared that a drowning fatality had occurred. Close inspection of the tool chest showed the name Rose Raymond on it. A small note book found amongst the tools in the chest, was filled with notes referring to business done with the Strathcona Carriage company and the Brackman-Kerr Revolver company. By the aid of these clues the police found out that the articles belonged to Frank Raymond, an employee of the Brackman-Kerr Company, who resides in Strathcona. It seems that Raymond and a companion named John Fleming, also of Strathcona, had planned a shooting expedition up the river and were towing their provisions and hunting outfit up the stream in a punt. They had succeeded in getting the outfit to a point in the river almost opposite Ninth street when a treacherous current upset the punt, dumping all their belongings into the river.

A valuable shot gun, a 22-calibre rifle, and some old clothes went to the bottom, but the remainder of the outfit was picked up in the boom. Both men claimed and were given their property last night at the St. W. St. P. barracks.

Bank of Hochelaga Director Dead. Montreal, Sept. 20.—P. X. R. Charles, a director of the Bank of Hochelaga, since its inception, president of the chamber de commerce for many years and a well known business man of Montreal, is dead, aged 77.

FARMER FIRED ON FAMILY OF BIGGARS. Jackson, Tenn., Sept. 21.—R. V. Brown, wife and four children, waitresses, drew a volley of bullets when they sought refuge in the house of a hermit farmer near Jackson, and late last night, Brown was probably fatally wounded, his wife less seriously hurt, and the children were uninjured.

Montreal, Sept. 20.—Scott Munro, 27 years of age, was this morning sentenced by recorder Leed to three months in jail or a fine of \$25, for selling opium on the street, and an additional six months on the charge of vagrancy.

## A Strong Point of Superiority

In a McClary's Sask-Alta Steel Range is the easy working lift top and broiler opening, adjusted easily by a simple pull at an Alaska cold handle. See the generous opening for receiving your broiler or toaster—or for replenishing fuel. Better, all smoke and odors are carried into the chimney and out of the kitchen. The same lever works so the top remains down, leaving an oblong opening at the front end when desired.

## Sask-Alta Steel Range

has every improvement that a first class range could have. It is constructed on practical ideas down to the last little bolt. It is made for service and it gives it now to thousands of users who are more than satisfied. The nearest McClary agent will show you why, and convince you that it combines economy in long life and reduced coal bills. Address the nearest McClary branch for Sask-Alta booklet.

## SPORTING NEWS

FIGHT ON NOW  
FOR SECOND PLACE

Four Fights Between Second and Third Teams in National—Three Bunches in America.

New York, Sept. 20.—With the fight for the pennant settled in each of the big leagues, the Nationals and Americans are doing the next best thing, putting up a lively scrap for second place.

New York has been coming along the past week and now lead the Pirates by fourteen points, with Philadelphia fifteen points below Pittsburgh.

In the American, Boston is showing great finishing power and now holds down third place with a one-point margin on Detroit and only eight points shy of New York. The way they are going at present it looks as if Detroit will finish in fourth place, though the wise ones call them to follow Philadelphia, who the final count is made.

In the Eastern, Rochester "should bring home the bacon, though their lead at present keeps their supporters on an easy street. Toronto has struck another slump, and the way Baltimore is coming it looks like the fall end of the first division for the Queens City. Below are Philadelphia's results and the way the wise ones call them to follow Philadelphia, who the final count is made.

## BASEBALL IN TEXAS AND ALBERTA

Winning and Calgary grew hoarse in their outcry some weeks ago against the "frenzy" between the Edmonton and Lethbridge baseball teams when they played three five inning games in one afternoon. The agreement between Manager White and Manager Leach was confirmed as outlandish and unsportsmanlike, framed up to beat Calgary's Winnipeg out of the pennant. President Eckstrom was proved to take action and upon the representations made to him three out all three games, severely rebuking the principals to the triple-header arrangement. Secretary Farrel of the National Commission, for reasons known to himself, sustained President Eckstrom in his ruling.

This is the last day of the season. Houston, one game behind Dallas in the championship race, by agreement played two five inning games with Galveston, and started on a third which, however, was disrupted by an assault on the umpire and a general riot.

Galveston won the first game and Houston the second, so the standing in the championship race was unaffected. The score by innings in the two games was as follows:

	Won.	Lost.	Pct.
Houston	1000-1	2-3	.952
Galveston	1100-2	3-6	.769

The Houston's Bay City's first bats, the last for the season, left Thursday for points down stream, as far as Smith's landing. The mills as far as this point were the board. These are the last mills for the north before the winter.

Mr. A. Viotti, oil prospector, and party, are expected up from Fort McMurray in a few days, having finished work for the summer.

Farm property has been a little active the past week. A cattle ranch, deals have been made and more are pending.

Mr. J. H. Wood is laid up for a few days with a bad cold.

The bachelors gave a very pleasant surprise Tuesday evening, the first of the season, for points down stream, as far as Smith's landing. The mills as far as this point were the board. These are the last mills for the north before the winter.

Mr. A. Viotti, oil prospector, and party, are expected up from Fort McMurray in a few days, having finished work for the summer.
